# Retro Program

We help you create a custom  
plan to lower costs and  
access workers'  
compensation  
refunds

Washington State **rewards** businesses with excellent safety practices through **refunds on their workers' compensation premiums.**

A safer workplace means **lower business costs** and a place that employees choose to come back to day after day.

We provide **step-by-step guidance** for navigating and succeeding when it comes to adopting winning strategies.

## What is Retro?

The Retro Program allows retailers the opportunity to receive **refunds on workers' compensation premiums** when their group meets certain safety goals.

## How does it work?

Your refunds are based on the group's performance. If the claim costs for the group stay at a healthy ratio, the group **earns a refund.**

## FAQs

### What do I get?

Our experts will analyze your workers' compensation history and create a custom **analysis.** Together, we will make a **workplace safety plan** designed just for your business.

### How do I start?

Businesses can enroll in the Retro Program **four times a year.** Contact us for more information: [info@waretailservices.com](mailto:info@waretailservices.com) 360-943-9198.
